

Access Statement for Y Talbot

Introduction

Y Talbot is family owned historic Inn located on the main square in Tregaron, Ceredigion. The business comprises a characterful Pub, separate restaurant, function room, 13 superb bedrooms, lounge, private dining room, attractive beer garden and private car park.

Y Talbot has been extensively renovated over the last two years to provide high quality facilities throughout whilst retaining the character of this historic Grade 2 Listed Building.

The extensive renovation has given the opportunity to provide easy access throughout the ground floor for our guests. This has included building a new accessible toilet for public use and an accessible bedroom on the ground floor. Guests with limited mobility are therefore able to access all the facilities of the building on the ground floor whether visiting for a drink or a meal or staying overnight.
